

# 46 AUTOMOBILES

**Sold In the Last Three Months and Not a Single Dissatisfied Customer**

**A CAR-LOAD of GRANT-SIX AUTOMOBILES arrived last week and were all sold but one in FIVE DAYS  
ANOTHER CAR-LOAD OF GRANT-SIXES WILL ARRIVE IN TEN DAYS**

**WE** will soon be able to make some more deliveries on the wonderful Hudson Super-Six. All of our customers who placed their orders early last spring for Hudson Cars, have waited patiently and we have not lost a deal. We delivered a Super-Six to Mr. S. P. Peterson of Newton ten days ago, and no other car reduced to half price would tempt Mr. Peterson to give up the Super-Six.

### BENSON WARD CELEBRATES IN STYLE ON 24TH

Benson, July 27.—One of the days has past and left its pleasant memories due to the enjoyable time we had in our celebration on the Twenty-Fourth. The various committees did well their parts in arranging for a good time. Ample refreshments had been provided, the house had been tastefully decorated and the people of the ward had gathered at the appointed hour.

At 10:30 a. m. Master of Ceremonies, A. V. Reese called the gathering to order and the following program was rendered:

Singing, Come, Come Ye Saints—By the Congregation.  
Prayer—Chaplain Hyrum Cardon.  
Male Quartet—M. J. Falsley and Sons, Maureenius, Harold and Oga.  
Speech of Welcome—Bishop Howard Reese.

Piano Duet—Sarah and Ruby Reese.  
Pioneer Talk—Grandpa John Reese.  
Song—Mrs. E. A. Parsons.  
Speech—W. W. Roundy.  
Comic Reading—Annie Reese.  
Violin Duet—Guy L. Reese and Maureenius Jensen.

Song—Bee Hive Girls.  
Prayer—William Allen.  
Utah 1916, was represented by the following girls:

Utah—Audrea Munk.  
Agriculture—Eugenia Roundy.  
Manufacturing—Agatha Toombs.  
Mining—Elsie Rogers.  
Music—Layon Reese.  
Art—Ardella Munk.  
Literature—Maggie Reese.

Utah's Best Crop was represented by fifteen small children.

Utah in 1847 with the activities of that day was represented by Mrs. Toombs with her spinning wheel; Mrs. W. G. Reese, carding wool; Mrs. Albert Riggs, knitting, and by Mabel Toombs, Aletha Munk, Florence, Andrew and Viola Reese picking wool and sewing carpet rags etc.

The afternoon sports with E. A. Parsons as chairman proved interesting to all and made the people loath to leave for their evening chores. A dance in the evening brought to a close one of the most enjoyable days we have spent in Benson.

On the 23d, W. W. Roundy, Hyrum Cardon, Albert Riggs and Joseph and Wallace Barney returned from over 700 mile trip through Colorado and Wyoming in the Barney Studebaker car. The trip was made for many miles along the old emigration trail and down Weber canyon. They were very pleased with their trip.

On Sunday last Mrs. H. W. Ballard was brought home from Logan and is slowly recovering being able to sit up a short time every day.

It is with much regret that we learn that Mrs. James Baugh is poorly in health.

Howard and George Reese and Guy Munk spent the 24th in Salt Lake City and had an enjoyable time.

Albert McKenna and family and

several of the Tarbet family spent the 24th in Logan canyon.

Mrs. Lorenzo Roundy and children of Roy, are spending a few days in Benson visiting their relatives.

Mrs. Jesse T. Reese has just returned from Rexburg, where she has been visiting her sister, Mrs. Mose Hendricks.

Mrs. Addie Barker of Salt Lake City is visiting her parents Mr. and Mrs. Alliston.

Mrs. Andrew Munk is spending a week with her daughter Mrs. Dr. G. L. Rees in Wellsville.

Dr. Newel Munk has purchased the interests of Dr. J. I. Shepard of Richmond where he is located and prepared to do all kinds of dental work.

Mrs. Deborah Tarbet has practically recovered from the injuries she received in having her arm dislocated.

Mr. C. D. Reese has purchased a Hupmobile.

The contract has been let for the remodeling of an addition to the Benson school house.

Mr. G. Beutler, and sons Otto and William and Mr. and Mrs. William Meyer made a flying trip to Marsh Valley this week.

### PROHIBITION DAY AT LOGAN TABERNACLE

Senator J. W. Funk, member of the state prohibition committee and Attorney A. A. Law will be the speakers at the Tabernacle on Sunday afternoon. They will discuss the question of prohibition and impress on the people the necessity of working for it at the coming election. Sunday is declared as Prohibition Day all over the state. The subject will be heard from nearly every pulpit in Utah. The general public is invited to this meeting.

In the wards in the evening the following will be the speakers:

First—F. S. Harris, Alma Sonns.  
Second—Joseph Quinney Jr., F. A. Hinckley.

Third—Lester Bjarnason, N. A. Larsen.

Fourth—E. G. Peterson, Serge F. Ballif.

Fifth—O. H. Budge, John E. Carls.

Sixth—Dr. George Thomas, John Quayle.

Seventh—Dr. Hill, Joseph E. Cardon.

Eighth—W. R. Sloan, A. E. Anderson.

River Heights—J. W. Goodwin, T. A. Thoresen.

Providence First—A. A. Law, Dr. Merrill.

Providence Second—Samuel B. Mitton, Bishop Crookston.

North Logan—Fred Marshall, A. E. Cranney.

Hyde Park—Evan Owen, J. A. Hulme.

Benson—B. G. Thatcher, Louis Cardon.

### ADDITIONAL LOCALS

Judge H. A. Pederson candidate of Cache county for secretary of state, spent Thursday in Salt Lake, in the interests of his campaign.

The Boosters Inn will be moving from their old lunch counter into the new building which Cardon Company is erecting for them within a few days.

Elders John A. Carlson and James J. Larsen will speak in the Scandinavian meeting tomorrow morning at 10:30 o'clock in the Preston block. All are invited.

Joseph Quinney Jr., will be the speaker at the Sunday evening meeting in the Second ward meeting house at 7:30 o'clock. Arthur Olson will render a vocal solo.

A card from Mr. Shamhart of the Shamhart Christiansen Company, reports torrid weather in New York the thermometer registering 105 degrees.

Miss Ida Smith at the head of the ready to wear department of the Shamhart Christiansen Co., will leave this morning for New York, on the regular semi-annual buying trip.

The political barometer of Logan can be found on the railing on the north side of the First National Bank building these hot days.

22¢c PAID FOR EGGS AT H. G. HAYBALL MERCANTILE CO. Adv.

Mr. Lucian Farr of Arimo, Idaho, was seen on the street yesterday. Mr. Farr is nursing a crippled hand due to blood poisoning.

A prohibition meeting will be held next Sunday evening at 7:30 in the Sixth ward meeting house, where the following program will be rendered: Talk on Prohibition—John Russell Piano Solo—Eleanor Hendricks Vocal Solo—Rachel Peterson

Dr. W. L. Smith, son of W. M. Smith a lumber merchant of this city and wife and baby, are visiting in Logan and other parts of Utah for a month or so. Dr. Smith is a graduate of Rush Medical College of Chicago, having finished his work in that institution last spring. Dr. Smith since graduation has been doing work in the St. Joseph's Hospital, also of Chicago, and at the termination of his vacation expects to return and finish his internship in that institution.

William Hendricks, Reuben Karren and Wallace Allred, all of Lewiston, were in Logan yesterday.

E. Benson Parkinson will render vocal selections at the band concert tonight.

22¢c PAID FOR EGGS AT H. G. HAYBALL MERCANTILE CO. Adv.

Mrs. Ethel Jamison, wife of Dr. Jamison of Preston, was shopping in Logan on Thursday.

Advertise in season and out.

### PIONEER DAY CELEBRATED AT NEWTON

Newton, July 26.—July 24th was duly celebrated under the auspices of our Primary Association at 10 a. m. a grand street parade was formed around the public square as follows:

1. Thirteen little boys in uniforms representing the Mormon Battalion, with their band.
2. Emigrant wagons.
3. Pioneer women with handcars.
1. Float, Indians with wigwams.
2. Bee Hive and Sego emblems.
3. Utah's Best Crop.

Autos with aged Pioneers. Indians on horseback with bows and arrows, etc.

After the street parade a good program was rendered in our amusement hall, Lorenzo Larsen was master of ceremonies. The singing was conducted by Miss Norma Benson.

Singing, Come, Come Ye Saints. Prayer by Chaplain Mr. W. H. Griffin Sr.

Singing, Do What Is Right. Oration by John E. Griffin.

Song by Mormon Battalion, I Salute Thee Old Glory.

Poem, Mrs. Bessie Ballard. Pioneer Talk, John Jenkins.

Song, Brigham Young, by Company of Pioneer Girls.

Singing, Star Spangled Banner. Benediction by Chaplain.

A great feature of the day was a sand table showing the travel of the great pioneers over the plains, the rivers, etc. With a dance for the children at 2 p. m. and a grand ball in the evening concluded the day's enjoyment.

The farmers have called to arms every able bodied men not with guns and bullets, but with their blankets to the fields where they are now busily engaged.

The Electric Light Company are operating putting in posts and lines that in the very near future we may enjoy light with the rest of the cities and towns in beautiful Cache.

Mrs. Laura Sloan of Logan, gave a musical recital on Wednesday evening in the hall where her class were present taking part. A very interesting time was enjoyed by those present. Much credit is due Mrs. Sloan for the musical talent realized among our young people especially those taking lessons from her.

### INSTALLATION OF LIGHT AND POWER ASSURED

Mendon has granted to the Utah Power & Light Co., a franchise for a lighting system for that town. Construction work will begin within a short time on the transmission line.

It is expected to have lights there in a very short time.

The most feasible way for a line to Mendon is through the valley from the sugar factory, running through northern College ward and through the new country being opened up by the Logan Land and Drainage Co. This will insure electric lights in the farmers homes through all that district.

In addition, however, to the service to the farmers for lighting, there will result, undoubtedly, a great deal

of pumping service. Some farmers will install small pumps for irrigation purposes, while the Logan Land and Drainage Company will install two pumps on Logan river for pumping when that river is too high to afford a natural outlet for its drainage water, something after the drainage work in Holland where wind mills are used.

Our Want Ads are business getters.

Advertising makes the wheels bus.

### BLASTING SLOUGHS TO MAKE DRAINAGE OUTLETS

Blasting is said to be a cheap way to make a ditch through a swampy land. We have tried it to some extent but are unprepared to say what the results are. We have a larger slough to go through later on, and we will try that out. But the above picture is evidence enough that the blast clears out a great quantity of water and mud. The column of material shown in the picture reached a height of at least 150 feet.

Already we are getting results with our drainage work. We have been building an open drain along the Logan-Mendon County Road the results of which are certainly gratifying. It has taken all of the excess water from all of our land to the south of the road, and has diverted it to Spring Creek where formerly it went into the lands north of the road, producing sloughs. Another year will dry up all these sloughs and leave them rich fields. To make our success complete we are building an open drain right through one of these great swamps where we will test out what dynamite can do for drain digging.

In the open drain along the county road we are getting a drainage water from the surrounding land, an analysis of which shows a half pound of salt to every one hundred pounds of water. So we know that we are getting results. Other tests will show our progress.

We want the people to make good on any land that may be purchased from us. Some of the land will need careful cultivation to get the best results, and we want to help them during the periods when the land is being put in shape. For that reason we are requiring only one fourth of the purchase price in cash, and the balance in ten annual installments bearing six per cent on deferred payments. Those terms are liberal enough for anyone; but we are aiming to make even better terms where the land requires it. What we want is good development of wasteland, and the man who buys has a part in that just as we have ours now. But we know that this land is bound to bring results, will never be waterlogged and will never have the alkali rise in it.
